One Team, One Dream!

✻ Reminders ✻

Tuesday, 3/22
New Nation Unit Test

Friday, 3/25
Spelling Test
Ice Cream Sundae Reward Celebration
Report Cards go Home
Heritage Night 5:30

Mon-Thurs, 3/28-3/31
Autism Awareness Week

Friday, 4/1-Friday, 4/8
Spring Break

Please check your child's Friday Folder each week. Review and sign the conduct card. Students should correct all tests and return them.

Letters Home

Please remember to read your child's letter and write back. The students love reading your letters each week!

Specials Next Week

Spanish, Tech, Counselor, Music, Art

I appreciate all the kind words, sweet cards, yummy lunches, "pizza" (gift cards), flowers, candy, journal, decorated door, monogramed rain boots, and much more!

Our PAW- Terrific Week in Review!

This week Fourth Grade had a Wacky Wednesday! We spent the morning problem solving in groups in all subject areas. Students had a great time synergizing and sharing ideas to write constructive responses on poster paper.

Language Arts— Students have been doing a fabulous job writing Responses to Literature in their ejournals! I have been bragging to Mr. Skelton and Mrs. Morris about our creative group of writers. We are trying our best to write our Letters Home in cursive for the rest of the year. We began a new historical fiction novel called, Tall Tales: Cross Country with Lewis and Clark.

Math- We began our Measurement unit with a review of Customary Measurement. We also worked in teams to solve a fun Measurement Brain Teaser. Students learned how to make a line plot with Lucky Charms.

Social Studies- We reviewed the Three Branches of Government by creating a giant "3 Branches" tree. We enjoyed singing some government songs and reviewed our study guide for our upcoming test.

Science- Students love learning about ecosystems, habitats, and food chains. We are using some of the white flowers that the students gave me for Teacher Appreciation week in a fun science experiment. We are creating teal, pink, purple and orange flowers!

✻ A Peek at Next Week ✻

I can...

Language Arts compare and contrast the point of view from which different stories are narrated, including the difference between first- and third-person narrations - improve my writing through editing & revising.

Math – make a line plot to display a data set of measurements in fractions of a unit (1/2, 1/4, 1/8)
- know relative sizes of measurement units within one system of units including km, m, cm; kg, g; lb, oz.; l, ml; hr, min, sec. Understand the relationship between gallons, cups, quarts, and pints.

Social Studies- describe territorial expansion with emphasis on the Louisiana Purchase, the Lewis and Clark expedition, and acquisitions of Texas (the Alamo and independence), Oregon (Oregon Trail), and California (Gold Rush and the development of mining towns).

Science - predict how changes in the environment affect a community of organisms within an ecosystem.
